Subject: From Clark Kelso: new California State CIO  
Importance: High

Good afternoon, California IT Leaders.

Governor Schwarzenegger has nominated Teresa Takai to be the first cabinet-level CIO for the State of California <http://gov.ca.gov/press-release/8235/>. She currently serves as CIO for the State of Michigan and was President of the National Association of Chief Information Officers during 2006-2007. We are already working with Teri to ensure a smooth transition to the new Office of the State Chief Information Officer. Join me in welcoming Teri to her new position as head of the country's largest state IT program!
